University of California Press, United States, 2000. Paperback. Book Condition: New. New.. 229 x 154 mm. Language: English . Brand New Book. Ways with Words presents interpretive essays by scholars from different disciplines on seven core, premodern classical Chinese texts. The remarkable diversity of these works - drawn from literature, philosophy, religion, and art history - challenges the presumption of a monolithic Chinese tradition that has been promoted by scholars and popular culture alike, both in China and the West. The texts themselves include a poem from the Classic of Poetry compiled in the sixth century b.c.e.; passages from Mencius and Zhuangzi ; the Heart Sutra ; a poem by Du Fu and the Biography of Yingying by Yuan Zhen, both written during the Tang dynasty; and Notes on the Method for the Brush , a tenth-century text attributed to Jing Hao.Both the original Chinese versions and the translations are provided for each primary text. There are at least two essays - when possible from scholars in different fields - on each work. The volume as a whole demonstrates the various ways in which the modern Western reader can confront the impressive variety of texts from the classical Chinese tradition.
