Reviews

This ebook is worth acquiring. Better then never, though i am quite late in start reading this one. You will not truly feel monotony at at any time of your own time (that's what catalogues are for about if you ask me).

(Lorenz Vandervort)

Garnet Publishing Ltd. Mixed media product. Book Condition: new. BRAND NEW, IELTS Target 7.0, Chris Gough, IELTS Target 7.0: Preparation for IELTS Academic IELTS Target 7.0 addresses the increasing trend of institutions demanding higher language competence from students. This level provides less pre-skills guidance and scaffolding, and more post-skills practice and analysis. It aims to develop core language skills and improve scores through more challenging topics and tasks. The short course consists of four units, each of five modules - Listening, Reading, Writing, Speaking and Exam Practice. The material in each module, which is a slightly higher level than students will encounter in the exam, aims to help extend and refine language skills to an advanced level. Each unit consists of five modules: 1. Listening: This module is in two sections. The first section briefly engages students in a topic before they complete a task that focuses on a key skill or particular IELTS exam technique. The second section analyzes vocabulary and develops language skills. 2. Reading: As with the Listening Module. 3. Writing: The first section deals with task analysis and allows students to look at model compositions and collaborate with their peers before completing a task in the second section. The third section focuses on language development and grammar. 4. Speaking: This prepares students for the type of interaction they can expect with the examiner in Parts 2 and 3 the Speaking test. Follow-up questions help students extend answers and build on key speaking skills. 5. Exam Practice: Listening and reading skills are alternately practised under exam-type conditions. Four additional writing tasks are provided in a separate section at the end of the course. See accompanying Teacher's Book.
