The wheat fields gleamed under the young harvest moon, while here and there bright fires illumined the scene, being a sort of aftermath of the stubble. For miles and miles the eyes of the traveler had viewed this expanse, treeless, flowerless, except for an occasional oasis of green where homes were located. The past two days had been a sort of wonderment to many, flying past those western homes. Now and then a little hand had waved them an informal welcome as the iron monster with its burden tore by before their always admiring eyes. Suddenly the train began to slacken its speed, and soon the conductor informed his people, as he good-naturedly called the Pullman guests, that they would have ten minutes to view the landscape over. Come, my little lady, exclaimed a well-modulated voice, as a brown clad figure stood at one of the Pullman drawing-room doors,...

### Reviews

*Extensive information for book fans. It is written in basic words and never hard to understand. It is extremely difficult to leave it before concluding, once you begin to read the book.*

*This publication is great. It is full of wisdom and knowledge. You will not really feel monotony at any time of the time (that's what catalogs are for relating to when you ask me).*
