Reviews

I just started off reading this article pdf. It really is simplistic but shocks in the fifty percent of your ebook. You will not truly feel monotony at at any time of the time (that's what catalogues are for about when you request me).

Sometimes you get what you ask for. Sixteen-year-old Madison Banner had the perfect life: a good home, great friends, and loving parents. Everything was normal, until she overheard that she had been adopted. After confronting her parents, Madison was left with more questions than what had been answered. Rules were set. She would be told the truth after she graduated -- two years. As Madison pries into the secrets of her heritage, she discovers more than she ever bargained for. Strange things begin to happen. Dreams of a mysterious nightly visitor seem all too real. A power within her awakens. There was more handed down through her DNA than dark hair and purple eyes. She has been given a destiny, whether she wanted it or not. Kismet is the first novel in the follow-up-series to K.A. Poe's Nevermore, but can be read as a stand-alone series.
