Prentice-Hall of India Pvt.Ltd. Paperback. Book Condition: new. BRAND NEW, Optoelectronics and Optical Fiber Sensors, Asit Baran Maity, Optoelectronics and Optical Fiber Sensors is a comprehensive and well-organised book that covers wide aspects of optoelectronic processes, optoelectronic devices, mostly used optical fibres and optical fibre sensor systems including maximum technical discussions. The text highlights details of design, material selection and working processes as well as the limitations of various optoelectronic devices and fibre-optic sensor systems. Throughout the book, an attempt has been made to cover every important point related to this subject from the fundamental concepts to the recent advancements as well as the future scope of the technical development in this exciting field. Primarily designed for a course of optoelectronics/optoelectronics and fibre optics/optical fibre sensor at both undergraduate and postgraduate levels in electrical and electronics engineering, electronics and communication engineering, electronics and instrumentation engineering and applied physics, it would also be appreciated by practising engineers and scientists who want up-to-date information on the latest developments in this field. Key Features Provides an enormous amount of information regarding optical interactions, processes, devices and various other related topics Includes an in-depth presentation of important derivations Incorporates a considerable number of worked-out numericals Includes many pedagogical features such as chapterwise summary, exercises including probable problems and question bank and relevant references.
